

Vicus Tuscus

In an untouched ecosystem the culture of beauty and its ancient secrets. A living laboratory that we want to reveal.

In Imperial Rome, Vicus Tuscus, today Via San Teodoro, was the name of the Etruscan neighbourhood close to the Forum in the Velabrum. Described as the street of the perfume makers, owing to its Etruscan medical and cosmetic workshops and laboratories. Today, thanks to a deep research in the field of biological agricultural crops, Vicus Tuscus offers highly original cosmetic products.

Nature is our only teacher and law! Vicus Tuscus: ancient secrets healthy beauty

Today, in San Gimignano in Tuscany, we rediscover the mysterious ability to interpret nature from the ancient Etruscan perfumers that were the first to identify the various properties of the thermal clays and of a many flowers, bushes and roots, using long procedures to capture their benefits and fragrances.

The artisan company Vicus Tuscus, operates in the heart of Tuscany and has devised a unique line of cosmetics formulated exclusively using fresh extracts from both wild and cultivated plants and flowers (in the latter case, only using organic, biodynamic and nutraceutical methods).

Vicus Tuscus, inspired by a deep love for Mother Earth in its broadest sense, naturalistic and cultural, offers natural cosmetics, certified organic are indicated with stamp **PureBIO** and do not contain silicones, petrolatum, parabens and are not tested on animals.

Our organic certification are: IMC (Mediterranean Certification Institute), BIOAGRI-CERT and ICEA.

Vicus Tuscus, ancient secrets, healthy beauty

Indeed, Vicus Tuscus lives and works in harmony with the calm and long-standing succession of the seasons, waiting patiently during the long winters the arrival of spring with its explosion of perfumes and fragrances, then, waits the

autumn to harvest the fruits at top richness of their properties donated by the warm Mediterranean summer sun.

For this reason the number and availability of Vicus Tuscus preparations are limited and related to the seasonality of flowers, herbs and plants, which valuable properties were revealed by the ancient traditions of this our ancient Toscana.

Vicus Tuscus, inspired by a deep love for Mother Earth in its broadest sense, naturalistic and cultural, offers natural cosmetics, certified organic are indicated with stamp **PureBIO** and do not contain silicones, petrolatum, parabens and are not tested on animals.

Our organic certification are: IMC (Mediterranean Certification Institute), BIOAGRI-CERT and ICEA.

FACE, NECK AND CLEAVAGE SCRUB
WHITE GRAPES BROWN SUGAR WHEAT GERMS

FLER, grapes and wheat the offers for the gods

The perfect scrub to nourish your face, neck and cleavage and make your skin supple and firm again. A concentrated product containing white grapes extracts, valuable wheat germs oils and sugar cane, this extraordinary scrub was created to remove the stratum corneum and soften and nourish the driest skins at the same time.

Use: The scrub, once applied with slightly moist fingertips to dissolve it with the body heat, is to be gently applied and rubbed, regulating the pressure according to the areas, then allow to react for about 20 minutes, wash with water and blot dry. Fler is also ideal to remove the stratum corneum of the entire body and soften and smooth the skin, especially where - arms, back and shoulders - some sebaceous zits or horns may grow, similar to the ones on the soles of the feet.

Active ingredients: brown sugar to stimulate and moisten, the oily extract of white grapes' pits to nourish and revitalize, wheat germs oil to hydrate.

INCI specifications : preservative-, fragrance- and microplastics-free
Bio Protocol certified by Hur - 180 ml glass jar - PAO: 7M - pH: nd - Lipids: 82 - do not expose to over 30°C
